- B. Our efforts cannot save our souls, but God can.

**III. Practical Implications**

- A. It is very possible for someone to be totally saved and still have deep-rooted sin.

## **Group Discussion Questions**

1. Read Jonah 2.
2. Has God ever helped you out of a bad situation through an unlikely source, as Jonah was through the fish? How did that happen?
3. Why is Jonah's prayer here important, considering he hasn't done anything yet to change? What should come first for us when we realize our life is a wreck: prayer to God or work for God? Why?
4. What is the difference between sinning against an idol and sinning against the one true God, according to verse 8? How does that make you feel about the character of God and following Him?
5. How can Jonah say "salvation belongs to the Lord" in verse 9 and just two chapters later say he would rather die than see God save the Ninevites (4:2-3)? Is it possible for a saved person to still harbor deep seated hatred for other people? Why?
6. What does this story tell you about God's heart to use dysfunctional people for His purpose? What does it also tell you about the dangers of doing God's will without God's heart?
7. Pray for our church, that God would give our members the courage to pray to Him in our darkest hours. Consider coming to tonight's online church prayer meeting at 7 pm (register from the church website on the homepage).
